

Galaxies through Cosmic Space and Time

FREE Lecture

July 7, 2009

**6:00 p.m.
at
Kingman Museum**

Kingman Museum invites you to celebrate the Year of Science by attending Dr. Kirk Korista's presentation, "Galaxies through Cosmic Space and Time."

Dr. Korista will present an image-filled overview of the major constituents of our Milky Way, the essential properties of the various "animals" within the galaxy zoo, and of some recent breakthroughs in our understanding of the nature of galaxies through cosmic space and time.
