Description of Float and Day's Activities: Please keep to 100 – 150 words. If you mark where you want the photos inserted (e.g. insert photo 1 here) we will do that on your page for you. This is also a good place to promote your organization .

The Battle Creek Clean Water Partners and the Marshall Area Conservation Committee invite you to join us we canoe and kayak a scenic portion of the beautiful Kalamazoo River. We'll get on the river downstream of the Ceresco Dam, take a break for lunch at Historic Bridges Park and then continue on to our take out site in Battle Creek. This will be a nice length float for everyone. We are working on arranging canoes to rent for those who don't have their own canoes. If we are able to make these arrangements there will be very a limited number of canoes available on a first come first served basis. For more information or to register for this event, please contact us.
